POLICY FOR SHARING AREAS OF GOOD PRACTICE

- **After each QA Visit to a unit, the YPAST will review areas of good practice as recorded in QA Visit Reports for each Breast Screening Unit.**
- **These areas of good practice will be disseminated to Directors/ Leads for the Breast Screening Units.**
- **YPAST will ask Breast Screening Unit Leads/Directors to share the areas of good practice among their staff and discuss at the Trust's Quality/Coordinating Group meetings.**
- **Areas of good practice will also be identified and discussed regionally at the relevant QA Sub Group meetings.**
- **In between QA Visits the YPAST will distribute information/ guidance received nationally on good practice.**
- **YPAST will monitor the adoption of good practice on a regional basis at QA visit follow up meetings.**
- **QA Leads will identify areas of good practice during their interim uni-disciplinary peer review visits and inform the YPAST of these.**
